## **DETAILED ACTION**

### ***Allowable Subject Matter***

Claims 12, 13, 15, 16 and 18 – 28 are allowed.

The following is a statement of reasons for the indication of allowable subject matter: The prior art does not teach or suggest the limitations of the claims. In particular, Shibahara shows a similar surface acoustic wave device but does not teach or suggest the ground pad is disposed outside of an area enclosed by the first element, the second element and the signal wirings and the ground wiring includes a first layer which is not disposed in the vicinity of the insulating film and a second layer which is disposed in the vicinity of the insulating film. As by example, Fig. 22 of Shibahara shows ground pads 343, 344 outside of a first element 310 but does not comprise ground wiring intersecting signal wiring with insulating film between wirings. Wiring 365 to ground pads 341 comprise intersecting wiring with signal wiring and the insulating film/s but the ground pad/s is/are not disposed outside of an area enclosed by the first element, the second element and the signal wirings nor would it have been obvious to establish additional connections or reposition the ground pads.
